Bobbie Baldwin

Bobbi Baldwin is a versatile painter who works in all mediums but mostly in oil, soft pastel, charcoal, and bronze. Her plein air paintings are both figurative and expressive, while her portrait and still life work are completely lifelike in a romantic realism. Drawing upon her 35 years of experience in commission portraits as well as 32 years of teaching, Bobbi is capable of teaching the techniques of art in ways that will reach most people; She is capable of making her subjects look and feel as if they will turn at any moment and speak to you. There is an ability to capture the true nature of her subjects. Her strengths are in her masterful knowledge of technique, color theory, & composition. She has been making her living as a professional artist since 1982.
